NGEE ANN
CET ACADEMY

Learning. Your Insurance Against Change.

Thank you for your interest in our courses! In this learning itinerary, find more details on the types of programmes and also subsidies available for you to tap on as an adult learner. We hope you will find them useful.

NP CET Academy Team

About NP CET Academy

Established in 1985, the Continuing Education & Training (CET) Academy is the driving force behind Ngee Ann Polytechnic's efforts to offer adult education and training. Our mission to help adult learners navigate the world as it changes, through skills upgrading and reskilling, has enabled more than **100,000** working adults gain new skills, stay relevant and remain employable in today's global economy. Visit **www.cet.np.edu.sg** for more info.

Our Offerings & Services

Our courses have been specially curated to help learners keep their skills up-to-date, stay agile and remain relevant in their industry and their workplace.

To support learners in their learning journey, we offer **career services** for learners who train with us. For more info write to: **CETCareerservices@np.edu.sg**

We also provide **corporate training** for organisations. For corporate training and training needs analysis email us at **CET_Corporate_Training@np.edu.sg**

From business, marketing, infocomm and technology, engineering, social services, data science, cyber security, communications to building and environment, we have a wide range of part-time diplomas and short courses learners can choose from.

Digital Design & Marketing for Wholesale Trade

Online media consumption has seen tremendous growth and demand across digital devices.

Learn how design and creativity blends with technology and businesses as you discover the ins-and-outs of website creation, design principles combined with design thinking and critical thinking skills.

International Supply Chain Management for Digital Sales Support in Wholesale Trade

This course is designed to equip you with foundational skills and knowledge in supply chain management and transportation. Gain an appreciation of the inter-connectedness of the global value chain.

This will enable you to help organizations as they recalibrate their supply chains for greater resilience and flexibility.

Management and Administration for Digital Sales Support in Wholesale Trade

Transform your operations and practices to mitigate the disruptions at lightning speed.

Participants will be equipped with the skillsets to become future-ready workers who can deal with game changing technologies, operate in end-to-end digital environments, and contribute to business sustainability and growth.

Decision Intelligence using Data for Wholesale Trade

This data analytics course covers core topics in the area of data science, using R as the core programming language, and design thinking to achieve decision intelligence.

Digital Marketing for Wholesale Trade
(Digital Marketing Bootcamp and Certificate in Applied Management)

An advanced course for Professional, Managers, Executives and Technicians (PMETs) who wish to pursue a career in the Wholesale Trade sector such as those in the Marketing, Business Development & Analysis.

You will gain exposure to skills such as digital marketing and management.

Digital Sales for Wholesale Trade
(Professional Certificate with Capstone Project and Financial Management Bootcamp (Blended))

An advanced course for Professional, Managers, Executives and Technicians (PMETs) who wish to pursue a career in the Wholesale Trade sector such as those in the Marketing, Business Development & Analysis or Finance and Regulations.

You will gain exposure to skills such as business development and finance.

DID YOU KNOW?

Did you know that all our SGUS learners will get access to our NP CET Job Placement Assist Programme? The JPA aims to give learners career advice and prepare them for their job interviews. If you are keen, please scan the QR code to contact our Learning & Career Ambassador today!
Register for our SGUS courses here:

Workforce Skills Qualifications

Ever wondered what the Workforce Skills Qualification (WSQ) is all about?
The WSQ allows individuals to learn skills to start a career in a specific sector or attain skills to advance their career within that sector.

For more information on our WSQ offerings, please scan here:

WSH Specialist Diploma in Workplace Safety & Health (WSH)

For individuals who are keen to be WSH Officers.

Through this course, you will:

• Acquire knowledge on how to identify WSH dangers

• Assess risks of WSH dangers

• Learn how to establish WSH policies

• Provide advice on legal compliance to WSH-related issues

Fundamentals of the Personal Data Protection Act (2020)

This 3-day course (new) incorporates all the latest legislatives updates that took effect from 1 Feb 2021.

For Compliance Managers or Data Protection Officers (DPOs) and Human Resource / Admin / IT / Sales and Business Development personnel who need to be involved in data protection matters.

Through this course, you will:

• Equip yourself with the necessary knowledge and skills required to faciliate compliance with legislative and regulatory requirements.

WSQ Graduate Certificate in Workplace Safety & Health (GCWSH)

For individuals who are keen to be WSH Auditors.

Through this course, you will:

• Acquire skills and knowledge on how to evaluate WSH systems and performance as a third party consultant or in-house consultant

Introduction to Student and Youth Care

Through this 45 hours programme, participants can choose between:

Full-day classes on Saturdays from 8.30am – 5.30pm OR half-day classes on two weekdays (likely Tue & Thu) from 8.30am – 12.30pm

This course is for professionals who are starting to work with children during their pivotal years **between** 7-14 years of age. During this time, children go through dramatic developmental and social changes and more. As such, your guidance as a professional in student care is of crucial importance in optimizing this important period in their lives.

Modules you will take through this course:

• Support Service to Children and Youths.

• Emergency Response and Crisis Management.

Work-Study Programmes

Acquire relevant work experience and attain industry-recognised qualifications when you embark on a Work-Study Programme with us! when you embark on a Work-Study Programme (WSP) with us! If you are a fresh graduate (less than 3 years of graduation) or just fresh out from National Service sign up for our WSP and upgrade your skills sets! Applications open mid-June 2021.
We have a variety of WSPs in the Built Environment, Engineering and more.
Get more insights to one of our WSP below.

Keen to know more about our offerings? Scan here:

Specialist Diploma in Sustainable Facilities Management

Secure Your Future

• Employed by facilities management companies as a facility manager
• Earn a competitive starting salary
• Enjoy full company sponsorship of course fees & exams
• Receive a $5,000 sign-on incentive*

*Terms & Conditions Apply

Strengthen Your Skill

• Deepen professional knowledge & skills through structured on-the-job training in facilities management
• Benefit from career guidance & support given by a company assigned mentor
• Attain industry-recognised certification through facilitated training

Enhance Your Worth

• Propel your career by registering with the SCDF as a Qualified Fire Safety Manager upon graduation
• Acquire relevant work experience & skills valued by the Facilities Management sector
• Enjoy wage increments & meaningful career advancement
• Gain advanced standing for degree programmes in local universities (SUSS)

Our Diploma Programmes

Our wide range of part-time diploma courses will help you progres in your career
as well as prepare you for a career switch. We have two intakes in April and October
so you can plan your training needs around the year.

Diplomas (Conversion) (1 year)

Prepare yourself for a career switch into a different industry with our diploma conversion programmes

Diploma (Conversion)	Course Dates	Please refer to website for more details
Diploma (Conversion) in **Care and Programme (Student Services & Coaching)**	18 Oct 2021	
Diploma (Conversion) in **Digital Media Design**	18 Oct 2021	
Diploma (Conversion) in **Facilities Management**	18 Oct 2021

Hear from other Learners and Partners!

"The course is very well structured. The pace and content is well-suited for participants with zero knowledge on business decisions analytics. We also have very good instructors who are extremely knowledgeable, effective and patient."

- Benjamin Ng
Principal Engineer – Class of 2020
Specialist Diploma Business Decision Analytics

"The trainer was engaging and provided the class with practical solutions to handle real life situations. The customer service frameworks mentioned in the course were very helpful and I intend to apply some of the frameworks I learnt in the course when I work."

- Cheng Zhongyi
Grab Driver enrolled in our Short Course for Customer Service & Quality course

"The Esplanade continues to engage NP as the training vendor for the Basic Electrical Practice and Instrumentation course, which gave us access to domain experts and a tailored curriculum pertinent to our organisation's requirements. The skills taught by the experienced trainers were practical and relevant to our organization. Our staff is now more confident in applying the knowledge and skills they have learnt about electricity and their use and dangers to their work, making them more effective in their daily work routines. Overall, our organisation is pleased with the training outcomes for our staff."

- Petrine Fan
Learning and Development Manager, The Esplanade Co Ltd

"In just 8 weeks, I've picked up the full breadth of digital marketing skills. It was an eye-opening experience with hands-on learning to solidify new knowledge.
In addition, I also acquired essential skills such as developing a growth mindset, winning the interview while networking, effective persuasion and presentation, gave me the confidence to put myself in front of potential employers as a fresh digital marketer who can bring value to the table.
This learning journey has been made possible by dedicated lecturers who. I appreciated the sharing by industry practitioners who selflessly imparted their knowledge and perspectives which broaden my horizons beyond the classroom."

- Tai Simin
Completed our Digital Marketing & Branding Bootcamp
