NGEE ANN
CET ACADEMY
Learning. Your Agility For Life.

About NP CET Academy

Established in 1985, the Continuing Education & Training (CET) Academy is the driving force behind Ngee Ann Polytechnic's efforts to offer training for adult learners. Our mission to help adult learners navigate the world as it changes, through skills upgrading and reskilling, has enabled more than **180,000** working adults gain new skills, stay relevant and remain employable in today's global economy. Visit www.cet.np.edu.sg for more info.

Our Offerings & Services

Our courses have been specially curated to help learners keep their skills up-to-date, stay agile and remain relevant in their industry and their workplace.

To support learners in their learning journey, we offer **career services** like our **Job Placement Assist** programme for learners who train with us. For more info write to: CETCareerservices@np.edu.sg

We also provide **corporate training** for organisations. For corporate training and training needs analysis email us at CET_Corporate_Training@np.edu.sg

From business, marketing, infocomm and technology, engineering, social services, data science, cyber security, communications to building and environment, we have a wide range of part-time diplomas and short courses learners can choose from.

60%	Permanent Residents			Up to 90%*	Enhanced training support for SMEs
90%	SME - sponsored Singaporeans or PRs	90%	SME - sponsored Singaporeans or PRs		

*There are different cap rates/hr for our WSQ courses. Please refer to the respective course pages for more info. For more information on SSG-related subsidies, please refer to <https://www.ssg-wsg.gov.sg/>

Additional Subsidies

SkillsFuture Credits

\$500 One-Off SkillsFuture Credit Top Up. **Additional \$500** for selected courses. Available to be used on **>300 courses** in CET Academy.

Union Training Assistance Programme (UTAP)

A training benefit for NTUC members to defray training cost. Enjoy **50%** of unfunded course fee support (up to \$250).
*For more info on UTAP, visit: <http://skillsupgrade.ntuc.org.sg/>

National Silver Academy (NSA)

Learners endowed with the wisdom of life (aged **50** years and above)* are welcome to continue learning with us.

*As your health and well-being matters to us, we have in place precautionary measures for you to take note of should there be any face-to-face classes. Please refer to our website for the mode of class. We also have a suite of online courses that you can enrol for to continue enjoying learning at the comfort of your homes.

Embrace change and explore career possibilities with us today! Whether you are a fresh graduate or a mid-career professional looking to do a career switch, we are here to support you! From our SGUnited Skills Programme to Work-Study Programmes and more!

SGUnited Skills Programmes

Keen to do a mid-career switch to join the B2B/Wholesale Trade Sector? Our SGUnited Skills Programme can support you. SkillsFuture Funding & Subsidies available. Receive \$1,200 training allowance when you train. Terms & Conditions apply.

Digital Design & Marketing for Wholesale Trade

Online media consumption has seen tremendous growth and demand across digital devices.

Learn how design and creativity blends with technology and businesses as you discover the ins-and-outs of website creation, design principles combined with design thinking and critical thinking skills.

Course commencement date: Please register interest for future runs

International Supply Chain Management for Digital Sales Support in Wholesale Trade

This course is designed to equip you with foundational skills and knowledge in supply chain management and transportation. Gain an appreciation of the inter-connectedness of the global value chain.

This will enable you to help organizations as they recalibrate their supply chains for greater resilience and flexibility.

Course commencement date: Please register interest for future runs

Student Services & Coaching Bootcamp for Student Care Coaches

Do you enjoy working with children and would like to join the student services sector? Our fast-track Student Services & Coaching Bootcamp will help you gain professional qualifications and level up your skills in a short time!

Through this bootcamp, you will learn to work effectively with children and their parents, as well as acquire programme planning and centre management skills. You will also receive training in the areas of Special Needs.

Course commencement date: Please register interest for future runs

DID YOU KNOW?

Did you know that all our SGUS learners will get access to our NP CET **Job Placement Assist** Programme? The JPA aims to give learners career advice and prepare them for their job interviews. If you are keen, please scan the QR code to contact our Learning & Career Ambassador today!

Decision Intelligence using Data for Wholesale Trade

This data analytics course covers core topics in the area of data science, using R as the core programming language, and design thinking to achieve decision intelligence.

Course commencement date: 3 Jan 2022

Digital Transformation in Built Environment ^{New}

This SGUP-CT equips learners with the fundamental digital knowledge and skills for a career in the built environment sector.

A collaboration with Johnson Controls, this course is for job seekers and mid-career individuals with an interest to pivot into the built environment sector.

Course commencement date: 29 Nov 2021

Scan here for more information on our SGUS course offering:

Workforce Skills Qualifications

Ever wondered what the Workforce Skills Qualification (WSQ) is all about? The WSQ allows individuals to learn skills to start a career in a specific sector or attain skills to advance their career within that sector.

WSH Specialist Diploma in Workplace Safety & Health (WSH)

For individuals who are keen to be WSH Officers.

Through this course, you will:

- Acquire knowledge on how to identify WSH dangers
- Assess risks of WSH dangers
- Learn how to establish WSH policies
- Provide advice on legal compliance to WSH-related issues

Fundamentals of the Personal Data Protection Act (2020)

This 3-day course (new) incorporates all the latest legislative updates that took effect from 1 Feb 2021.

For Compliance Managers or Data Protection Officers (DPOs) and Human Resource / Admin / IT / Sales and Business Development personnel who need to be involved in data protection matters.

Through this course, you will:

- Equip yourself with the necessary knowledge and skills required to facilitate compliance with legislative and regulatory requirements.

Introduction to Student and Youth Care

Through this 45 hours programme, participants can choose between:

Full-day classes on Saturdays from 8.30am – 5.30pm OR half-day classes on two weekdays (likely Tue & Thu) from 8.30am – 12.30pm

This course is for professionals who are starting to work with children during their pivotal years **between** 7-14 years of age. During this time, children go through dramatic developmental and social changes and more. As such, your guidance as a professional in student care is of crucial importance in optimizing this important period in their lives.

Modules you will take through this course:

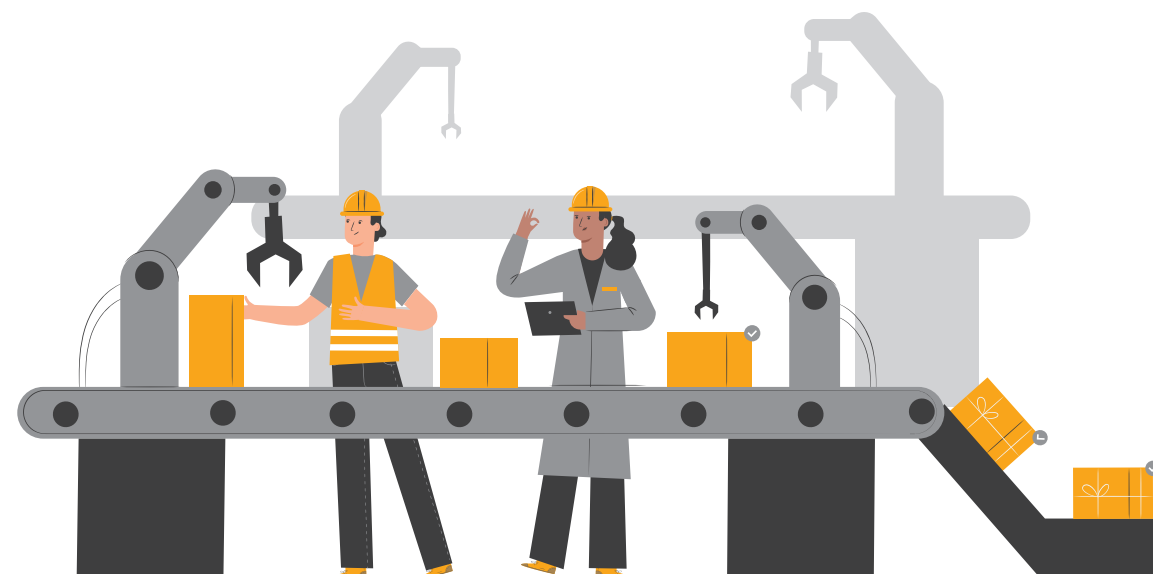

- Support Service to Children and Youths.
- Emergency Response and Crisis Management.

For more information on our WSQ offerings, please scan here:

Work-Study Programmes

Acquire relevant work experience and attain industry-recognised qualifications when you embark on a Work-Study Programme with us! If you are a fresh graduate (less than 3 years of graduation) or just fresh out from National Service sign up for our WSP and upgrade your skills sets! Applications open mid-December 2021. We have a variety of WSPs in the sectors of Built Environment, Engineering and more. Get more insights to one of our WPS below.

Specialist Diploma in Sustainable Facilities Management

Secure Your Future

- Employed by facilities management companies as a facility manager
 - Earn a competitive starting salary
- Enjoy full company sponsorship of course fees & exams
 - Receive a \$5,000 sign-on incentive*

*Terms & Conditions Apply

Strengthen Your Skill

- Deepen professional knowledge & skills through structured on-the-job training in facilities management
 - Benefit from career guidance & support given by a company assigned mentor
- Attain industry-recognised certification through facilitated training

Enhance Your Worth

- Propel your career by registering with the SCDF as a Qualified Fire Safety Manager upon graduation
- Acquire relevant work experience & skills valued by the Facilities Management sector
 - Enjoy wage increments & meaningful career advancement
- Gain advanced standing for degree programmes in local universities (SUSS)

For more information on our WSP offerings, please scan here:

Our Diploma Programmes

Our wide range of part-time diploma courses will help you progress in your career as well as prepare you for a career switch.

We have two intakes in April and October so you can plan your training needs around the year.

Application for April 2022 Intake will open in mid-December 2021. Please visit our website for more details.

Diplomas (Conversion) (1 year)

Prepare yourself for a career switch into a different industry with our diploma conversion programmes.

Diploma Courses	Course Dates	Please refer to website for more details
Diploma (Conversion) in Care and Programme (Student Services & Coaching)	18 Apr 2022	 <p>For more info, please scan here</p>

Hear from our learners!

"I loved how I could engage with my classmates from different industries. Most topics covered in the course were relevant for work, and the lecturers were very patient with us."

- Saeedah Banu Binte Syed Abdul Kadir
Class of 2021, Diploma in Business Practice
(Administration & Management)

"The module on design thinking got me thinking about problems very differently. It helped me to look at innovation and problem solving in a structured way."

- Joy Rouge
Current student in the Diploma in Applied
Management for the Future Workplace

"In just 8 weeks, I've picked up the full breadth of digital marketing skills. It was an eye-opening experience with hands-on learning to solidify new knowledge. In addition, I also acquired essential skills such as developing a growth mindset, winning the interview while networking, effective persuasion and presentation, gave me the confidence to put myself in front of potential employers as a fresh digital marketer who can bring value to the table. This learning journey has been made possible by dedicated lecturers who delivered through lively engagement while seeking feedback to do better. I appreciated the sharing by industry practitioners who selflessly imparted their knowledge and perspectives which broaden my horizons beyond the classroom."

- Tai Simin
Completed our Digital Marketing & Branding Bootcamp

"The course is very well structured. The pace and content is well-suited for participants with zero knowledge on business decisions analytics. We also have very good instructors who are extremely knowledgeable, effective and patient."

- Benjamin Ng
Principal Engineer – Class of 2020
Specialist Diploma in Business & Decision Analytics
